Description
When displaying a count of changes for a particular object the HTML to make that number bold is displayed.

Example:
OlgaEarLeftSideFace.png (x<b>15</b>)

"Show" is created. Example can be seen by clicking the "ActionCalendarExample" page from the "Last Changes" submenu of the "Wiki" menu.

Solution
I had fixed this parsing issue.

Please check this commit id: 48759

Workaround
Change everything only once per day so as to not have the action calendar display a count.
