Tracker watches contain this link at the top, which can be used to turn off the watch for that tracker item:

View the tracker item at: https://dev.tiki.org/tiki-view_tracker_item.php?itemId=4727

That is created here:

lib/trackers/trackerlib.php

```
$mail-&gt;setText(tra('View the tracker item at:', $watcher'language')." $machine/tiki-view_tracker_item.php?itemId=$itemId\n\n" . $watcher_data);
```

Similarly

./templates/mail/user_watch_wiki_page_changed.tpl

contains:

```
{if $watchId}
{tr}If you don't want to receive these notifications follow this link:{/tr}
{$mail_machine_raw}/tiki-user_watches.php?id={ $watchId}
{/if}
```
