Description

Trackers without mirrortables now has a notification email that displays old vs. new values.

Due to the replication of the trackerlib for mirrortables, this functionality was not added. This is a needed improvement for mirrortables notification emails.

Solution

Add old/new value scripts to trkwithmirrortableslib.php, along lines of one that is already in trackerlib.php.....

Request for change to trackerlib for old/new:

http://dev.tikiwiki.org/tiki-view_tracker_item.php?trackerId=5&itemId=472

Trackerlib SF change for old/new:

<http://cvs.sourceforge.net/viewcvs.py/tikiwiki/tiki/lib/trackers/trackerlib.php?rev=1.97.2.65&view=markup>

As per Tiki23 the feature has been abandoned a long time ago.
