I know we are trying to set a colour to the button text on the left but it is affecting the text here as well. Why not simply forget about it? It's not worth the complexity as far as I am concerned. The text can be standard black in the buttons as well as here.

Solution
Fixed with same fix for item5276 r51767, Gary is it ok?

Nelson, does this persist? The page linked by the URL is broken.
