Description

When using the ImgPlugin with "mouseover" or "mousesticky" and have aligned teh thumbnail to be right, after a mouseover or a click, the thumbnail moves to the left.

Example:

```
{img type="attId" attId="1" thumb="mouseover" imalign="right" alt="Image1"} __mouseover__ Full size image appears when thumbnail is moused over;.
```

```
{img type="attId" attId="1" thumb="mousesticky" imalign="right" alt="Image1"} __mousesticky__ Full size image appears when thumbnail is clicked. full size image stays open as long as no further click happens.
```

Solution

Hi WolfgangA,

I fixed the bug.. please check the revision id 55474.

Thanks.
