Description

Sheets do not place charts properly (almost hidden, in doc.t.o sheet intended for documentation)

This used to work in some earlier version of Tiki. (sorry I can't be more precise)

To reproduce, visit:

<https://doc.tiki.org/sheet2>

and click at tab : "Charts". You will see that at column C Chart, charts are placed to the left, below column B, and therefore, almost hidden.
