Description

provide a clicable link to login to dev.t.o from a smartphone out of the menu icon at the top right corner

Have you tried recently (in the last several weeks?)

Same issue when testing <https://nextdev.tiki.org>

You can't click there at any login link, it's hidden below the square icon of the collapsed menu at the topbar.

And ensure that this fix is applied to the main *.t.o sites , at least. (tiki.org, dev, doc, I would say)

Can you see if themes.tiki.org works for you ok? The login link is in the pagetop modules, in small screen views, so escapes the complexity of the site header. If so, dev.t.o can be changed.
