Description

Update PluginJabber to working state again, so that we can reuse it for cases in which tiki sites are setup to handle real time chats with xmpp servers, and this could be an improvement to our tiki community by facilitating to aggregate the information ("the wisdom of crowds") of real time chat from irc to xmpp, and display that in activity streams within tiki, etc.

Great point Xavier!

Let's brainstorm here: XMPP

Marc Laporte 15 Dec 16 20:13 GMT-0000

<https://conversejs.org/> will be added to Tiki17

Marc Laporte 16 Mar 18 16:19 GMT-0000

PluginXMPP now in Tiki19.
