Description

Allow plugin list to filter by "empty" content. I.e. get all tracker items with that field empty.

We don't know how to do that, in case it's possible with current codebase.

Thanks

Reproduced here:

u: admin

p: 12345

Solution

It works when you filter by

□□□□□□□□

`exact=""`

and not by just

□□□□□□□□

`content=""`
