### Description

Can't upload files to a file gallery through tracker field 'files' with IE11

I can't with either drag and drop, or through the button "browse files": I select the file, click at form button, but nothing happens (no file is uploaded).

Ref: sg-aspb warehouse tracker and filegal.

the issue is important, since in some organizations, only browser is IE11 and IT department doesn't allow installing any other browser than this in corporate computers (unluckily)
