Description
When watching if someone attached file to a wiki page the notification email subject and body lacks information who did that change.

Example:

A file was attached to "Signature" Comment: SIGNATURE_PAD code architecture You can view the page by following this link: https://dev.tiki.org/Signature signature_pad.PNG : https://dev.tiki.org/tiki-download_wiki_attachment.php?attId=214
****
*** The new page content follows below.
*** signature_pad.PNG

Solution
The subject and first line should show at least something like A file was attached to "Signature" by John Doe

Importance
5
