Description

The multilike plugin, <https://doc.tiki.org/Multilike> expand the like function with options similar to a ranked like; Good,Great,Excellent

It display only a thumb-up for now. 👍 / 👍

However it could be used easily for many other use case if it was possible for the admin to set the icon.

Ex: Like / Unlike

👍 / 👎

We should add a plugin parameter to set the icon used.

Solution

Committed <http://sourceforge.net/p/tikiwiki/code/67523>
