Description
Pivottable allows using activitystream as data source in Tiki19. But the edit plugin UI in Tiki doesn't
allow the user to do so, it seems to be hardcoded to get some tracker in the first and compulsory
field. Otherwise, it complains saying that that field is compulsory (even if you wrote activitystream
in the text field), and it doesn't let you save the form.

Hi,

This issue is now fixed in Tiki 20.x and 19.x.

(20.x) https://sourceforge.net/p/tikiwiki/code/70083
(19.x) https://sourceforge.net/p/tikiwiki/code/70084
