Description

Folks, I am unable to post on tiki.org forums.

I did a little screen capture video of what it happening.

Please see this link at <http://youtu.be/716UCOm1Up8?hd=1>

Using Firefox, have not tested other browsers, I will test now.

Thank you for looking into this

That is strange, I just went back to the forum and it did appear finally at
https://tiki.org/forumthread71289-Plugin-Fancy-Table-Heading-Appearance?topics_offset=0

But, my attachment is not with it, the attachment was just a screen shot of the issue I was having.
