### Description

Hi,

I have upgraded to tiki 20.1 and cannot get the equation plugin to work. The file class.latexrender.php is missing from the directory lib/equation/.

Best regards,

Thomas Johansson

Did you know you need to install Package 'Mathjax' for plugin Equation to work? Can you please try that to see if this fixes your problem?

Please see also the Remark box on top of <https://doc.tiki.org/PluginEquation>
