Description

Error 500 if a ' is in the text of a Wiki page description.

This video doesn't show the ' because it took me a few tried to understand why it failed but it is there (doesn't) . ?

Once removed (rewriting the sentence without) I could save the page description.

<https://share.vidyard.com/watch/uYuxbDN2r4qEzzivSmoecy?>

They may be other "forbidden" characters.
