Description
I tried to upload a thumbnail on a tracker item for a video tutorials.
It took me 25mn and I tried half a dozens of way before succeeding.
Sorry I don't have time to produce a better report see screenshots.

Solution
Maybe this commit ef6ca66f fixed it?

Yes, something's happened to the performance on file galleries, it's so slow to load even a medium sized gallery with a few dozen files in, so elfinder times out - try disabling elfinder for toolbars? (and find some more devs to help! 😳😅)

Seems fixed, thanks !
