Module login\_box does not use localization | Tiki Wiki CMS Groupware :: Development

Module login\_box does not use localization

### Status

● Open

### Subject

Module login\_box does not use localization

### Version

18.x

### Category

- Bug

### Feature

Modules

### Resolution status

New

### Submitted by

hman

### Lastmod by

hman

### Rating

★★★★★ (0) ?

### Description

The module login\_box to ask for user credentials and to log out does not make use of the localization, therefore is always in English and does not respond to custom.php, even when the missing array\_merge is added to custom.php.

### Importance

4

### Easy to solve?
