Description

There is (presumably) an error in the help system, which I found while editing the help of Spreadsheet, but I guess this help text, since it describes basic Tiki syntax, gets displayed on numerous occasions.

tiki-edit\_help.tpl has this on line 55:

```
<td>
                <strong>{tr}Show/Hide{/tr}</strong> <br/> !+, !!-
{tr}show/hide heading section. + (shown) or - (hidden) by default{/tr}.
</td>
```

I assume both options are to be written with double exclamation marks, and not only the negative?
