Description
There is (presumably) an error in the help system, which I found while editing the help of
Spreadsheet, but I guess this help text, since it describes basic Tiki syntax, gets displayed on
numerous occasions.

tiki-edit_help.tpl has this on line 55:

```html
<td>
  <strong>{tr}Show/Hide{/tr}</strong> <br/> !+, !!-
  {tr}show/hide heading section. + (shown) or - (hidden) by default{/tr}.
</td>
```

I assume both options are to be written with double exclamation marks, and not only the negative?
