Description

Tested on Tiki24 an still here:

```
Bernards-MBP:tsaharoniki.com_tiki24 bernardsfez$ php console.php scss:compile tsaharoniki
Compiling scss files from themes Clearing all caches A error was encountered while running a
command Call to a member function query() on null on line 28 of
/Users/bernardsfez/Documents/Shocksite/www/htdocs/tsaharoniki.com_tiki24/lib/core/TikiDb/Bridge.php
```

It should just say: "MySQL is not running, check your server" (or something like that)
