Description

On t.o if you look at the tracker view you can see the modified date for each tracker.
If you go into a tracker and try to find the last modified item it will display a different date.

IE:

<https://tiki.org/trackers> show that the tracker 26 last modified item was 2 years ago.

<https://tiki.org/tracker26> the last modified item was 4 years ago.

Importance
