

- ** Help with a feature or settings : How to link 2 tracker together, file gallery best practices => Forums
- ** Report a bug => Search form (may be it exist already) => dev the actual form
- ** Test and reproduce an issue => Demo or eventually instance.
- * List of recent tickets (while there is a Since your last visit... module in the right side it is not a good UI/UX - often missed)
- * May be even popular ticket/questions (last and most commented)

2. Improve the way the title field work.

This long list of tickets is bad and not only doesn't help, it give a bad image with dozens of outdated or non relevant tickets. We should implement a kind of threshold in the filter.

- * Limiting the items by date(5 last years items only)
- * Limiting the minimum of characters to start displaying things (5 or 6 instead of the 2 the filtering start with)
- * Display 10 first results - ranking: lastmodif, popularity (hit, comments, ... ?), version (master, LTS and 2 last stable, ...)

- ...
