Related-to
- Payments, memberpayment plugin; Payment is done but user is not assigned in the right group
- Plugin, registermemberpayment; Parameters are not applied for the Plugin Register Member Payment

Description
On a Tiki23 I set a group (admin groups) to have a membership expiration date.

Then on a wiki page I set up a memberpayment plugin: https://doc.tiki.org/PluginMemberPayment
I can set the hideperiod parameter with a dropdown of yes or no

Issues:

1. The tooltip for "hideperiod" tells me the default is "1" (not yes or no)
Update: Re-tested on Tiki25 still here.

Solution
The tooltip information should correspond to the options hideperiod
