Description
: Clicking on icon after file upload from text area through toolbar icons fails for me to add the right syntax for that file
:
: Reproduced in https://adup.cat (in case theme style matters, etc)
:
: The code that got inserted said something like "cat" or "file" with no number or fileId, etc.

I failed to reproduce this with r68661. Which exact version do you use?
If this still happens, what exact code is inserted?
